

Senior Compliance Consultant m/f/d

Type of employment: Fulltime

Location: Vienna

Are you familiar with rights and regulations? Are you looking for an unconventional combination of IT and Compliance? Do you like to participate in international projects? Do you prefer smaller companies with a pleasant and relaxed atmosphere? Expand our Compliance team and become an important part of ORBIT.

For our international and Czech projects, we would like to welcome someone who:

- Has knowledge in Compliance, ideally in Cloud Compliance with an overlap into Cloud Security and has implemented such projects ideally in the financial sector
- Understands or wants to understand laws, regulations and standards such as DORA, NIS2, GDPR, EBA, ISO... and is able to be a client's partner who shows the way and manages the project him/herself
- Is interested in cloud technology and IT progress, is communicative, analytical, familiar with laws and regulations, ambitions

and..

- If Cloud Compliance is nothing new to you
- You are analytically oriented
- You have presentation and consulting skills
- You have a basic overview of laws, regulations, standards
- You have analytical thinking and critical thinking
- You speak English well (at least B2)

We will also certainly welcome if:

- You have the ability to think in context and look for new solutions
- Your strengths include persistence, reliability, attention to detail and responsibility
- You are open, systematic
- You are looking for ways to HOW, not reasons why NOT
- You are a flexible personality who knows how to find a way to a goal and stick to it even in a complex environment
